

MACIEJ LEW-MIRSKI – MEMBER OF THE MANAGEMENT BOARD  
OF THE POLISH ARMAMENTS GROUP

Maciej Lew-Mirski graduated from the University of Warsaw, Faculty of Law and Administration. An advocate, a co-founder of the Military Counterintelligence Service (SKW), a former employee of the National Security Bureau and the Chancellery of the President of the Republic of Poland, a former member of the Review Committee for the Military Information Services (WSI). For many years he cooperated with well-known law firms, provided consultancy to Members of Parliament participating in parliamentary Committee for National Defence and Committee for Special Services. An advisor to the Minister of National Defence and to the Head of the Military Counterintelligence Service.

For nearly 9 years he has been involved in the Polish defence sector. During his service in SKW he participated in the negotiations concerning the deployment of elements of the so-called “missile defence shield” in Poland; moreover, he performed tasks related to protection of production and trade in commodities, technologies and services for military purposes, and issued opinions on contracts on purchase of military equipment. As a member of the Review Committee for WSI he investigated, among others, the engagement of the military special services on the Polish and international arms trade market.

A Managing Partner in a consulting firm providing services in the field of broadly understood security of business entities, on behalf of which he provided consultancy to numerous large enterprises operating both on the Polish and the international markets, in particular of the steel, aviation, medicine, media or mining industries.

Distinguished with the Bronze Medal of Merit for National Defence by the Minister of National Defence.

On 9 December 2015 Mr Maciej Lew-Mirski was appointed by the Supervisory Board a Member of the Management Board of the Polish Armaments Group. He is also a Member of the Supervisory Board of MS TFI fund, the Scientific Council of PCO S.A., the Scientific Council of Research and Development Centre of Mechanical Devices “OBRUM” and the Convent of Warsaw University of Technology. Furthermore, he’s an advisor to the Parliamentary Committee for Special Forces.
